WORK PERMIT

Permanent residence in Germany — no visa sponsorship needed

AI/ML and full-stack engineer: *machine learning for medical software* and web products in Django, React and Next.js.

Currently working on machine-learning projects at NEXUS / ASTRAIA, after years of building production medical software and full-stack web apps.

EXPERIENCE

11/2021 — now
5 years

Medical Developer

NEXUS / ASTRAIA · Ismaning, Germany

- **Working on machine-learning projects for the company's medical software.**
- Designed and implemented the FMF (Fetal Medicine Foundation) risk algorithm in Python to assess pregnancy complication risks.
- Developed a Django web application to host and deliver the FMF algorithm.
- Built internal tools with Tauri to support design and development of the main medical software.
- Wrote technical documentation for medical device software under the EU MDR.
- Migrated CI/CD pipelines from Jenkins to Bitbucket Pipelines.

SIDE PROJECT

KinderCafe.app ↗

Smartphone app for finding child-friendly locations and events in Germany. Events are parsed from the websites of family and community centres by an LLM pipeline built on Gemini.

Gemini · Expo · Firebase · Cloud Run · Wagtail · PostGIS

SKILLS

ML & AI	**PyTorch,** Gemini API, MCP
Full-stack	**React, Next.js, Django,** FastAPI
Languages	Python, TypeScript
Domains	Medical software, Deep learning, LLM data pipelines, EU MDR documentation
Infra & data	Docker, Terraform, GCP, CI/CD, PostgreSQL, Redis, pytest
AI agents	Claude Code, Codex, OpenClaw

EDUCATION

2016 — 2019

M.Sc. Advanced Materials and Processes · FAU Erlangen-Nürnberg, Germany

Thesis: effect of residual oxygen (0–1000 ppm) in the LPBF build chamber on Scalmalloy, AlSi7Mg and Inconel 718 parts — automated porosity image analysis (ImageJ) and regression models of density vs. laser parameters (Python, scikit-learn).

2010 — 2012

M.Eng. Materials Science · Volgograd State Technical University, Russia

2006 — 2010

B.Eng. Industrial Engineering · Volgograd State Technical University, Russia
